Subfloor

Dimension: 5"w x 1.6"h

WATERPROOF STAIR NOSE

Used to finish the end of a step

*Flush stair nose installation.

Surface: Wear resistant **Core Material:** Rigid PVC

Carefully roll the stair nose into place against the front of the step, making sure the transition is in place. Once the transition is in its desired position, press down firmly over the entire stair nose, making certain the transition is in place and tight against the riser. For added security, use finishing nails.

Allow adhesive time to cure

Allow adhesive time to cure according to directions.
